Total Amount Waiting to Receive from Stripe	**$25,050.19**	64.79%	Currently held in live Stripe balance ready for payout

EXPLANATION OF THE $41.54 VARIANCE BETWEEN NET SETTLEMENT AND FACE VALUE

- When tickets were sold, customers paid an estimated fee line item of $1,191.67 CAD (standard domestic rate of 2.9% + $0.30).
- Stripe deducted $1,233.21 CAD because 10 customers purchased with international/cross-border credit cards (+1% to +1.5% fee).
- Therefore, $33,177.00 CAD represents the pure ticket face value revenue earned, while $33,135.46 CAD represents the exact net cash credited into your Stripe balance after absorbing international card charges and excluding HST.

2. STRIPE CASH FLOW & IMMEDIATE ACTION REQUIRED

IMPORTANT NOTICE: $25,050.19 CAD IS READY FOR IMMEDIATE TRANSFER

- In August 2026, the Stripe payout schedule for account "Levitate Entertainment" was switched to Manual ({ interval: "manual" }).
- Consequently, ticket sales collected between August 5, 2026 and event day October 10, 2026 were safely credited into your Stripe balance but automated transfers were paused.
- Out of the total $37,427.67 CAD net event revenue, $12,377.48 CAD was received in June–August payouts, leaving exactly $25,050.19 CAD waiting in Stripe.
